Skills

- **Languages**: C, C++, JavaScript, PHP, JAVA, PYTHON
- **Frameworks**: HTML, CSS, Bootstrap, NodeJS, React, Tailwind Css, BootStrap, Express js
- **Tools/Platforms**: MySQL, MongoDB, VS Code, n8n, Git & GitHub
- **Soft Skills**: Problem-Solving, Team Player, Adaptability

Projects

- **Quiz-Builder- MERN Stack Educational Platform** | GitHub — Dec'25
  - Engineered an end-to-end AI-powered quiz ecosystem that enables users to create, manage, and attempt quizzes with real-time performance tracking.
  - Built using the MERN stack (MongoDB, Express.js, React, Node.js) with JWT authentication, OpenAI API integration, and Chart.js for secure architecture and interactive analytics.
  - Designed and implemented a scalable system featuring role-based access control, efficient database indexing, and intelligent AI-driven explanations.
- **Startups Ecosystem-Tracker– Group Project for Total Startups in World** | GitHub — Apr'25
  - Analyzed global and Indian startup trends by creating a platform to visualize patterns across industries.
  - Utilized PHP, JavaScript, HTML, Tailwind CSS, and Leaflet.js to build an interactive dashboard with geographic insights.
  - Achieved secure authentication, fast data retrieval, and dynamic visualization through an optimized PHP–MySQL backend.
- **Pet Care Assistant – AI Chatbot for Personalized Pet Care** | GitHub — Apr'25
  - Engineered an AI-driven pet care platform providing personalized guidance, health recommendations, and real-time query resolution through an intelligent chatbot.
  - Integrated HTML, CSS, JavaScript, PHP, and Python (Mistral AI) to enable secure authentication, context-aware responses, and seamless data processing.
  - Strengthened backend reliability with efficient user data management and customized pet care package delivery powered by AI-enhanced interactions.

Training

Mastering Data Structures and Algorithrms | Lovely Professional University | Link — Jun'25-Jul'25

- Mastered core and advanced Data Structures & Algorithms in C++, building a solid foundation through structured, hands-on training.
- Applied DSA concepts to solve numerous LeetCode problems, significantly improving problem-solving speed and coding efficiency.

Certificates

- Cloud Computing | NPTEL (IIIT Hyderabad & IIT Madras, SWAYAM) | Link — Apr'25
- Introduction to Hardware and Operating Systems | IBM (Coursera) | Link — Aug'24
- The Bits and Bytes of Computer Networking | Link — Sep'24
- Data Structures & Algorithrms | NeoColab Lovely Professional University | Link — Dec'24
- Soft Skills | Infosys | Link — Oct'23

Achievements

- Secured Top 10 Finalist Position at InnovateX, a 24-hour hackathon with 50 competing teams. — Mar'24
- Secured 1st Position in C Programming Skill Competition Organized by Microsoft Achievers Club — Apr'24
- Solved More Than 200 Question on Leetcode

Education

Lovely Professional University — Punjab, Phagwara
Bachelor of Technology - Computer Science and Engineering; **CGPA: 7.64** — Since August 2023

Kendriya Vidyalaya, Afs Begumpet — Begumpet, Hyderabad
Intermediate:**72.0%** — April 2022 - March 2023

Kendriya Vidyalaya, Afs Begumpet — Begumpet, Hyderabad
Matriculation:**76.0%** — April 2020 - March 2021
